## Precious Metals Market Report with Franklin Sanders

*"Everyone has a plan until they get punched in the face."*

~Mike Tyson

By Catherine Austin Fitts

This week on The Solari Report, we will post my Precious Metals Market Report interview with Franklin Sanders of the [The Moneychanger](#). Given recent events in the precious metals markets, we have a lot to cover, including a wealth of questions from subscribers.

Increases in the the monetary base over the last five years have not resulted in hyperinflation. The dollar remains relatively strong and the "[slow burn](#)" scenario continues for now.

Can this continue? What are the deflationary forces at work? We will discuss the possibilities ahead. Look for the charts in your subscriber area and keep those great questions coming!

In *Money & Markets*, I will cover geopolitics and current events in the financial markets.

## Just A Taste - Chicken or The Egg

Get a "taste" of The Solari Report with this video excerpt from last week's report:

"Our theme tonight is 'Breaking Through the Cloud Cover.' I wrote a commentary by that title on the blog. I was inspired by a newsletter from a Swiss money manager that I very much admire. He commented that the problem in our society were symptoms of debasement of our currency and I couldn't put this down."

## Highlights from Last Week's Report

"It's my pleasure to welcome Dr. Joseph Farrell back to The Solari Report. He's now going to be joining us quarterly. He's just produced two wonderful new books. We're going to be talking about one of them this evening, *Covert Wars and the Clash of Civilizations: UFOS, Oligarchs and Space Secrecy*. I think it's very important, particularly in the financial and investment world right now, and clearly, Dr. Farrell is someone who, on The Solari Report, needs no introduction."
