1st Quarter Equity Overview with Chuck Gibson - May 8

“The days of following only one market are long gone. Market analysts need to know what is happening in all of the financial markets and must understand the impact of trends in related markets all over the globe.” ~ John Murphy

By Catherine Austin Fitts

This week, I will be speaking with Chuck Gibson – managing member of Financial Perspectives and my partner at Sea Lane Advisory, LLC. First, we will review events and performance in the global equity markets for the first quarter. Then, Chuck has prepared an excellent presentation on intermarket analysis. Rich with analytics and charts, this will

The Solari Coin is a one ounce, silver round designed by Ben Lizardi of [Lizardi Studio](#) and minted by the Northwest Territorial Mint. The coin design features a solar armillary (the Solari logo) on one side and the horsemen of the Knights Templar on the other side. This coin is representative of Solari's purpose: to align interests, protect, guide, and lead through troubled times. [Learn more here.](#)

Highlights from Last Week's Report

"Money is only a piece of a governance system and you can't begin to think about understanding how money works let alone proposing changes in how money works unless you understand it as part of that bigger governance system. You have to understand the deep values and mechanics behind it, and I think Joseph does a very good job of flushing that out. I think that's invaluable for understanding a lot of the things we're seeing and watching that are going on financially on this planet.""
