## Deep Survival with Laurence Gonzales

*"Trouble comes to us all." ~ Laurence Gonzales*

By Catherine Austin Fitts

This week on The Solari Report, I speak with Laurence Gonzales of [LaurenceGonzales.com](http://LaurenceGonzales.com), author of *Deep Survival: Who Lives, Who Dies and Why* and *Surviving Survival: the Art and Science of Resilience*.

## From The Blog

**May 29**

Music, Writing, and the Creative Process with Peter Guralnick

**June 5**

A Report with Jeffrey Smith

We pick up on our [previous discussion](#) with Laurence on his study of extreme wilderness experiences, *Deep Survival*, to explore his subsequent research for *Surviving Survival* about who is successful in overcoming disaster to achieve the “sweet revenge” of a long, happy life.

Laurence also describes his new book, *Flight 232: A Story of Disaster and Survival*, about the miraculous survival of 184 of 296 passengers on United Airlines Flight 232 in Sioux City in 1989 – a triumph of heroism over tragedy and human ingenuity over technological breakdown,

In *Money & Markets* this week I will discuss current events in the news and financial worlds, as the global economy struggles with economic contraction in the developed economies and geopolitical tensions rise.

Talk to you Thursday!

## Highlights from Last Week's Report

"With us today is Henrik Palmgren of Red Ice Creations including Red Ice radio, which I must tell you pound for pound is one of the most valuable and useful sources of information about what's really going on. I think at one point the tagline was something "mapping" or "exploring the uncertainty" and needless to say, the uncertainty rises every day."
