## Successful Kickstarter with Karen Diggs - October 16th

To

Kickstarter is the largest platform for crowdfunding creative projects. Since starting in 2009, Kickstarter has helped to raise over \$1.3 billion for 71,350 successfully funded projects.

This week on The Solari Report, I will speak with San Francisco Bay Area nutritionist and chef [Karen Wang Diggs](#) about her highly successful kickstarter project [Kraut Source](#). Karen is a chef with extensive experience both in North America and Asia as well as a gifted entrepreneur with a knack for helping busy people combine good health and fresh, delicious food.

Karen and her partner launched their campaign to raise \$35,000 to launch Kraut Source – kitchenware for making fermented foods like sauerkraut and natural pickles. Kraut Source blew by their goal, raising \$184,133 from 3,355 funders. (I was one) That is quite a customer base with which to start a business! Karen just returned from the New York Maker Faire where Kraut Source was one of five successful projects highlighted by Kickstarter.

Should you consider crowdfunding? How do you do it? What works and why? Karen and I will walk you through the ingredients to her success. Send or post your questions!

## **The Secret Space Program Videos are Now Available to Solari Report Subscribers!**

Our friends from [The Secret Space Program](#) have very kindly allowed us to provide the video to our subscribers!

“What is in space now and what can be? How does space influence all of our lives? Are there Cosmic Cultures and Civilizations? Are they visiting us, are they under us? If so, how will this impact our lives? Midst all the myths and legends, speculations and interpretations, theories and perspectives, fears and “research”, how does one discern the truth? With the spins and twists presented in books, documentaries, conferences and speakers, you might find your answers during this unique conference.

If we manage to ask the right questions and put some of the pieces together we might be getting closer to some kind of answer – what is really going on out there? Who is really running things? What are their goals? Why are they behaving this way?”

## Highlights from Last Week's Report

In recent months I have received an increasing number of requests to address spiritual warfare and the most powerful, invisible forces that operate in our world.

I asked Franklin Sanders, who serves as Reverend and minister of [Christ Our Hope Reformed Episcopal Church](#) in West Point, Tennessee where I am a member, to join me. An understanding of spiritual warfare is more than a personal interest. It has helped to bring us safely through some mighty dangerous times.

Franklin and I have agreed we can speak our minds, so be prepared for a serious yet very lively discussion. We will speak as Christians with an expectation to add value to our listeners whatever your spiritual practice.
