## Spiritual Warfare with Jon Rappoport - Oct. 23rd

*“Once you embark on a road of imagination and creating, all bets are off. All preconceptions about what you must do, make, think, assume, and believe are yesterday’s news.” ~ Jon Rappoport*

Two weeks ago, Rev. Franklin Sanders helped me address Spiritual Warfare from a Christian perspective. However, I want our discussion to be ongoing and inclusive.

I am always fascinated listening to Jon Rappoport talk about what is happening spiritually. We align on the most important concepts, though we come at and describe them differently. So I was thrilled when Jon agreed that he would address Spiritual Warfare on his quarterly report for the Solari Report this coming week.

What is Spiritual Warfare? To what degree is it a battle against opposing forces? To what degree is it the individual at odds with himself/herself? How does one tell the difference? Is there a litmus test? Is there a dimension of world affairs that supersedes and stands outside the events of the day, a spiritual dimension in which planet-shaping decisions are made. This is Jon at his very best!

## **The Secret Space Program Videos are Now Available to Solari Report Subscribers!**

Our friends from [The Secret Space Program](#) have very kindly allowed us to provide the video to our subscribers!

“What is in space now and what can be? How does space influence all of our lives? Are there Cosmic Cultures and Civilizations? Are they visiting us, are they under us? If so, how will this impact our lives? Midst all the myths and legends, speculations and interpretations, theories and perspectives, fears and “research”, how does one discern the truth? With the spins and twists presented in books, documentaries, conferences and speakers, you might find your answers during this unique conference.

If we manage to ask the right questions and put some of the pieces together we might be getting closer to some kind of answer – what is really going on out there? Who is really running things? What are their goals? Why are they behaving this way?”

## Highlights from Last Week's Report

This week on The Solari Report, I will speak with San Francisco Bay Area nutritionist and chef [Karen Wang Diggs](#) about her highly successful kickstarter project [Kraut Source](#). Karen is a chef with extensive experience both in North America and Asia as well as a gifted entrepreneur with a knack for helping busy people combine good health and fresh, delicious food.

Karen and her partner launched their campaign to raise \$35,000 to launch Kraut Source – kitchenware for making fermented foods like sauerkraut and natural pickles. Kraut Source blew by their goal, raising \$184,133 from 3,355 funders. (I was one) That is quite a customer base with which to start a business! Karen just returned from the New York Maker Faire where Kraut Source was one of five successful projects highlighted by Kickstarter.
