Global 3.0 - The Scientific Breakthroughs with Dr. Joseph Farrell - Oct. 30th

"Everything is theoretically impossible, until it is done." ~ Robert A. Heinlein

Every day we see new announcements about breakthroughs in science and technology in numerous areas. Fusion. Robotics. Nanotechnology. Teleportation. The list is growing.

This week, Dr. Joseph Farrell of [Giza Death Star](#) will join me for his quarterly Solari Report. We are going to engage in some "high octane speculation" about the most important scientific and engineering developments underway. What are the ones that are most important to you and me? What will the impact be on our culture, geopolitics and investment in the 21st Century?

Our friends from [The Secret Space Program](#) have very kindly allowed us to provide the video to our subscribers!

“What is in space now and what can be? How does space influence all of our lives? Are there Cosmic Cultures and Civilizations? Are they visiting us, are they under us? If so, how will this impact our lives? Midst all the myths and legends, speculations and interpretations, theories and perspectives, fears and “research”, how does one discern the truth? With the spins and twists presented in books, documentaries, conferences and speakers, you might find your answers during this unique conference.

If we manage to ask the right questions and put some of the pieces together we might be getting closer to some kind of answer – what is really going on out there? Who is really running things? What are their goals? Why are they behaving this way?”

Highlights from Last Week's Report

Two weeks ago, Rev. Franklin Sanders helped me address Spiritual Warfare from a Christian perspective. However, I want our discussion to be ongoing and inclusive.

I am always fascinated listening to Jon Rappoport talk about what is happening spiritually. We align on the most important concepts, though we come at and describe them differently. So I was thrilled when Jon agreed that he would address Spiritual Warfare on his quarterly report for the Solari Report this coming week.

What is Spiritual Warfare? To what degree is it a battle against opposing forces? To what degree is it the individual at odds with himself/herself? How does one tell the difference? Is there a litmus test? Is there a dimension of world affairs that supersedes and stands outside the events of the day, a spiritual dimension in which planet-shaping decisions are made. This is Jon at his very best!
