Solari Report Update

Successful Homebuying with Dr. Gary W. Eldred - Nov. 6th

To <<First Name>> <<Last Name>>

"There is something permanent, and something extremely profound, in owning a home." ~ Kenny Guinn

As lending terms start to relax, more people are looking to buy homes or help their children and grandchildren buy their first one.

There are many benefits to owning your own home – if you do it right. However, finding the right home is a complex matter, let alone going through the process of buying and financing a home. If you have

never done it before, the challenge can seem daunting. You are making a purchase of both a major consumption good and, ideally, a major investment.

Dr. Gary Eldred, author of [Investing in Real Estate](#), once sent his students out to interview hundreds of real estate professionals to create a comprehensive list of all the mistakes and pitfalls to avoid, publishing it in his classic [The 106 Common Mistakes Homebuyers Make \(and how to Avoid Them\)](#)

Dr. Eldred joins me on The Solari Report to go back to basics and step through the dos and don'ts of buying a home.

Our friends from [The Secret Space Program](#) have very kindly allowed us to provide the video to our subscribers!

“What is in space now and what can be? How does space influence all of our lives? Are there Cosmic Cultures and Civilizations? Are they visiting us, are they under us? If so, how will this impact our lives? Midst all the myths and legends, speculations and interpretations, theories and perspectives, fears and “research”, how does one discern the truth? With the spins and twists presented in books, documentaries, conferences and speakers, you might find your answers during this unique conference.

If we manage to ask the right questions and put some of the pieces together we

Highlights from Last Week's Report

Every day we see new announcements about breakthroughs in science and technology in numerous areas. Fusion. Robotics. Nanotechnology. Teleportation. The list is growing.

This week, Dr. Joseph Farrell of [Giza Death Star](#) will join me for his quarterly Solari Report. We are going to engage in some "high octane speculation" about the most important scientific and engineering developments underway. What are the ones that are most important to you and me? What will the impact be on our culture, geopolitics and investment in the 21st Century?

You don't want to miss this one. This discussion will help you understand why I say that the changes over the last ten years are just the beginning. Strap in!
